**S.R.O. 103, dated 18th Feb. 1958.**—The following Bye-laws for regulating the erection or re-erection of buildings in the Morar Cantonment made by the Cantonment Board, Morar, in exercise of the powers conferred by section 186 of the Cantonments Act, 1924 (2 of 1924), are hereby published for general information, the same having been previously published and having been approved and confirmed by the Central Government as required by sub-section (1) of section 284 of the said Act, namely:—

#### BYE-LAWS FOR THE REGULATION OF THE ERECTION OR RE ERECTION OF BUILDINGS IN THE MORAR CANTONMENT.

1. Every person intending to erect or re-erect a building shall apply for sanction by giving notice in writing to the Cantonment Board, under section 179 of the Cantonments Act, 1924, in Form "A" appended to these bye-laws, and shall at the same time submit duly signed by himself or by his agent—

- (a) a site plan of the land on which it is intended to erect or re-erect the building,
- (b) a plan of the building which it is proposed to erect or re-erect together with a plan of the existing buildings, if any, showing platforms, balconies and other projections,
- (c) specifications, in duplicate, detailed in Form "B" appended to these bye laws

The plans referred to in clauses (a) and (b) shall be submitted in duplicate provided that where the land on which the building is proposed to be erected or re-erected is under the management of the Military Estates Officer, they shall be submitted in triplicate. At least one copy of the plan shall be on tracing cloth and the remainder on blue print

2 The site plan shall be drawn to a scale of one inch to ten feet for sites in Lal Tipara, Lal Kurti, Maheshpura, Bansipura, Parsadikapura, Suralyankapura, Kashipura, Kacchipura, Nilbuapura, Sutarpura, Sahukapura, Tikonia, Hardev Singh Ki Tall, Ghosipura and Madhopura, and of one inch to twenty-five feet

for other sites. The scale used shall be marked on the plan which shall clearly show:—

- (a) the direction of the North point;
- (b) the boundaries and dimensions of the site;
- (c) the position of the site in relation to adjoining streets, drains, houses, and vacant lands, with names of the owner of such houses and lands;
- (d) the position of the proposed building in relation to the boundaries of the site;
- (e) the level of the proposed building in relation to the drains and streets in which it abuts and the width and name of such streets;
- (f) the position and distance of the nearest water and electric mains.

3. The building plan shall be drawn to a scale of not less than 8 feet to an inch and such details as the Cantonment Board may require shall be to a scale of 4 feet to an inch. It shall include a front elevation and at least one sectional elevational through the main part of the building and shall show:—

- (a) the plan of the ground floor and of every additional floor;
- (b) the position and [of all] dimensions of all projections beyond the main walls of the building;
- (c) the position of all proposed and existing drains, privies, urinals, cess-pools, fire-places, gutters, down-spouts, showing how sullage will be discharged into the nearest public drain;
- (d) the external dimension of the main building and of all rooms;
- (e) the size of all doors, windows and ventilators and their height from the floor of room in which they are fixed;
- (f) the width and depth of the foundations;
- (g) the material to be used in the building, in recognised abbreviations of which an index shall be given on the plan;
- (h) the purpose for which it is intended to use the building;
- (i) in the case of re-erection, old work shall be shown in black, new work in red, re-construction in green, and the portion intended to be demolished in hatchures.

4. (i) No new building, i.e., original or entire re-construction shall be erected unless the carcase is built in burnt brick or coursed stone work on good and sound foundation:

Provided that this bye-law will not in any way affect the re-erection of existing kutch buildings.

(ii) No second storey shall be erected on any existing building unless the walls thereof are properly constructed in burnt brick or coursed stone-work and the foundation of which are sound and capable of taking the additional load safely.

5. No building shall be erected if it projects beyond the general alignment fixed for the street, otherwise than as provided in bye-law 15.

6. No latrine shall be constructed within 10 feet of a kitchen nor shall any latrine be permitted if the total area of the site is less than 200 square feet. The surface area of a latrine shall not be less than sixteen square feet and a latrine shall have no opening towards any street below six feet of a latrine floor, but it shall have an opening of at least 2 square feet directly upon the external air. In every other respect it shall conform to the pattern, if any, approved by the Cantonment Board under section 137 (b) of the Cantonments Act, 1924.

7. In case of buildings consisting of more than one storey the height of each storey shall not be less than—

Ground floor.....12 feet

First and subsequent floors..... 10 feet.

and in case of a single storey the height shall not be less than 12 feet and shall not exceed the width of the road in front of a building and where no road exists, the maximum height shall not exceed 20 feet.

8. The minimum floor area of every room intended for human habitation shall not be less than one hundred square feet subject to the minimum dimension of any room not being less than 8 feet in width. This limitation shall not apply to kitchens, bath rooms, latrines and store rooms.

9. House drains through which waste or sullage water is intended to pass shall be constructed of glazed pipe or other impervious material, and shall be connected with the nearest roadside drain wherever such a drain exists within 75 feet of the premises according to the direction of the Executive Officer. In the absence of a roadside drain nearby, the house drain shall be discharged into a covered soakage pit which shall be constructed and maintained by the house owner.

10. No new doors, windows or ventilators shall be allowed to be fixed to any wall of a building unless there is a clear margin of land three feet wide from the base of the wall, in the actual possession of the owner of the house seeking to fix the doors and windows. This restriction shall not apply when the said wall is contiguous to a public street or when the owner of the land contiguous to the said wall gives his consent in writing to such construction. Such consent shall be communicated to the Board along with the application.

11. Every room intended for human habitation shall have a minimum opening into the external air equal to 10 per cent. of the superficial area.

12. Every building of more than one floor shall have ample width of stairs not less than three feet to ensure safety in case of fire.

13. The plinth of all masonry buildings shall be at least one foot above the level of the centre of the nearest street and every wall shall have a damp proof course consisting of bituminous felt, vitreous tiles, or cement concrete above the plinth level.

14. The number of storeys shall not in any case exceed three and the aggregate height shall not exceed 45 feet except with special permission.

15. No person shall erect a building of such a height that any portion thereof will protrude into a line drawn at an angle of 60 degrees from the centre of any street on which it abuts:

[1] Provided that a maximum height of fifteen feet shall be permitted irrespective of the width of the street;

[2] Provided further that the restriction of 60 degrees shall not apply to these cases where the Executive Engineer and the Health Officer consider that there is no objection to a second storey being erected.

*Explanation 1.*—The height of the building shall be calculated from the plinth level upto the caves of the topmost structure.

*Explanation 2.*—The width of a street shall be taken to be the distance between the inner edges of side drains, and where such drains are not provided, it shall be taken as clear space between the buildings or structures on the opposite sides. The centre of the street shall be a point at half the width.

16. No balcony, verandah, chajja or other projection shall be allowed into a street which has a width of less than 25 feet at any point in front of the building.

17. The Cantonment Board may at the request of an applicant amend a plan duly submitted under these bye-laws to agree therewith, on payment of a sum upto rupees two in each case; but the Board shall not be bound to do so.

18. All plans shall be prepared by Draftsman duly approved for this purpose by the Cantonment Board.

NOTE: 1. The forms A and B can be obtained from the Cantonment Board Office on payment of annas four per set. Along with these a printed copy of the Bye-laws shall be supplied free of charge.
